TACTICAL SIMULATION • K74 - USS DAEDALUS

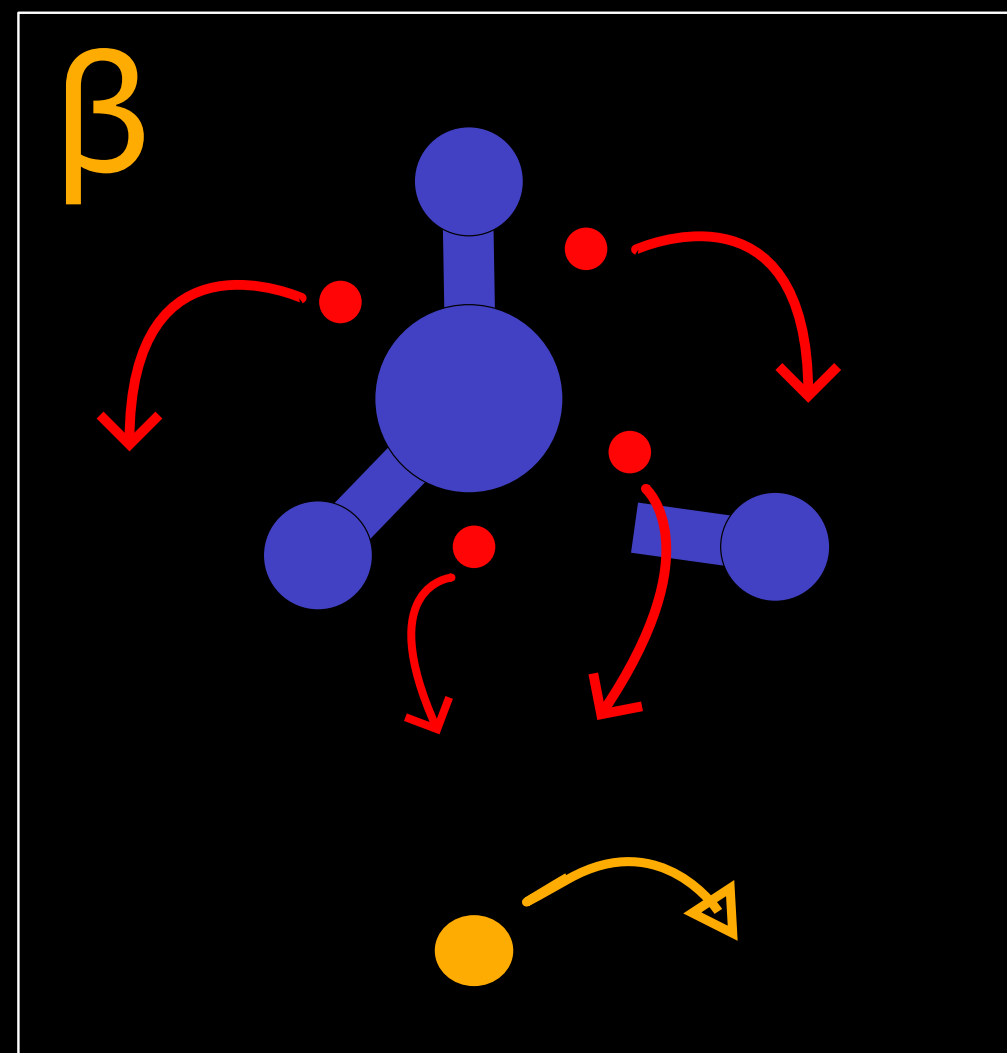

Tactical Premise:

Target Vessels continue engaging K-74

Response:

Utilising the seperated section of boom arm as cover, engaging the targets with harrying tactics, capitalising on ship maneuverability. Draw all attention towards Daedalus and maximise defensive coverage.

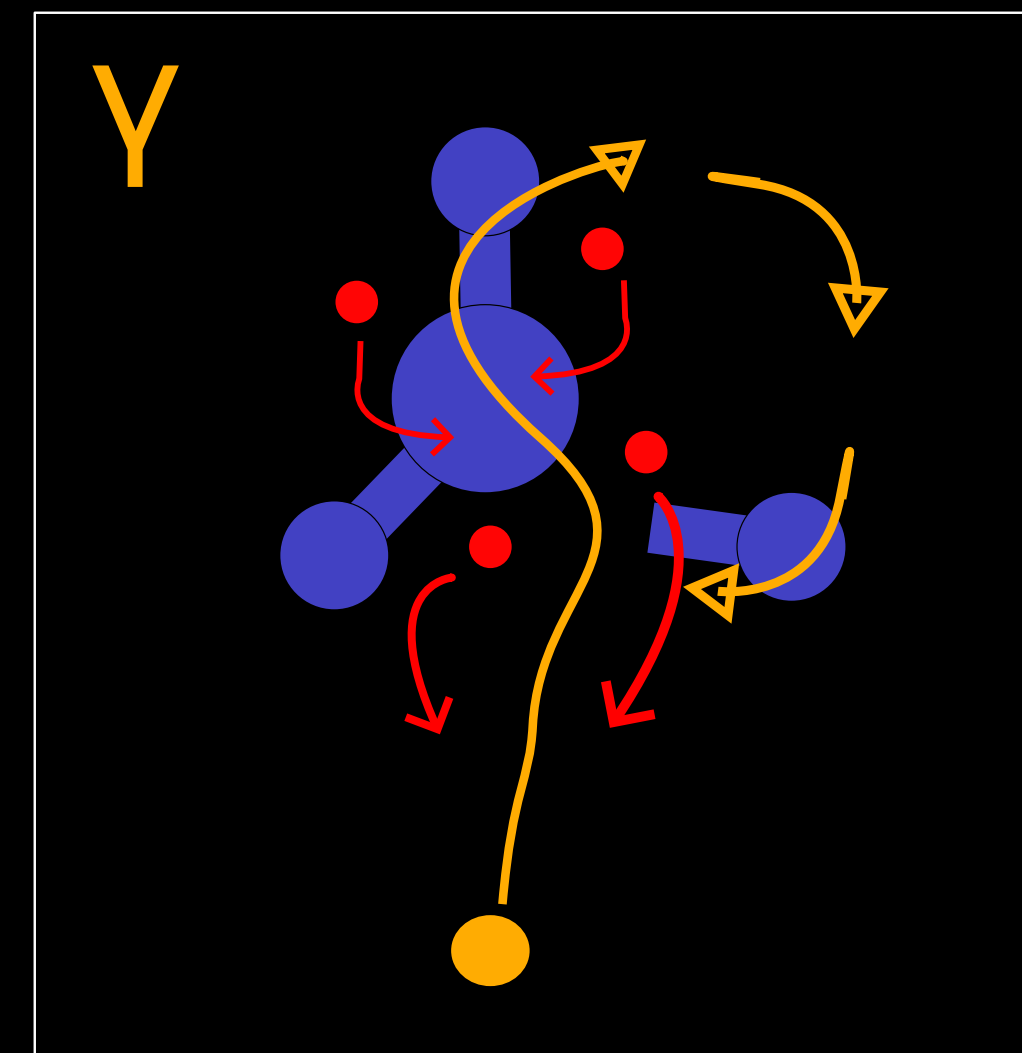

Tactical Premise:

ALL Target vessels move to engage Daedalus

Response:

Maximise defensive maneuvering employing offensive retreat tactics, disable targets with aggressive attitude. Draw targets away from K-74. Keep Focus on Daedalus.

Tactical Premise:

Target vessels divide offensive targets

Response:

Focus tactical offensive efforts on the targets engaging K-74, make use of close quarter maneuvering to provide additional cover. Draw attention towards Daedalus to minimise civilian casualties.

Rules of Engagement: All available force is authorised in the defense of civilian targets. Disable where possible, destroy if necessary
